Healthy Babies, Happy Moms is Rhode Island's only home health nursing agency specializing in breastfeeding support.

We are passionate about having a positive impact on the health of babies and the well-being of their mothers. Our expert RN/IBCLCs are committed to educating women with kindness and respect while helping them achieve success in their breastfeeding goals. We guide mothers with the information and support they need to be confident in their ability to care for their children, while minimizing stress and fostering success in an atmosphere of comfort.

Our nurses' 30 years of experience and knowledge of complex pediatric and maternal medical situations position us as the provider of choice when medical professionals refer their patients for lactation support. We work closely with the family's physicians and midwives to monitor the health of both mother and baby.

Services

CONSULTATIONS

Consultations are available via telemedicine, in the patient's home or at our office.

- Breastfeeding
- Infant Sleep
- Pumping/Returning to Work
- Solid Food Introduction
- Parenting Preschoolers

PHOTOTHERAPY

This program prevents delayed discharge or re-hospitalization of babies with jaundice and is much less expensive than hospitalization.

Service includes:

- Rental of Little Sparrows Bili-Hut™ or Medela BiliBed™
- Daily nursing assessment with infant weight and a bilirubin blood draw
- Breastfeeding Assistance
- Communication directly between our RNs and the baby's physician to determine the length of treatment

CLASSES

For class details and schedule, please visit healthybabieshappymoms.com/events

- Understanding Infant Sleep
- Breastfeeding

SUPPORT GROUP

We offer a free breastfeeding support group. It's a great opportunity to meet with one of our RN/IBCLCs, ask questions, and connect with other new moms. The schedule is always posted on our Facebook page and website at: healthybabieshappymoms.com/events

"Healthy Babies, Happy Moms Inc. has been an essential service for me as a new mom. Shelley helped me order my breast pump and worked with my insurance when I was pregnant and overwhelmed. She made the process simple and easy and shipped the pump to my house. Doris came to my house after my son was born for a lactation consultation. She was kind, patient and thorough in her approach. She gave great tips to help my son and I have a great breastfeeding experience and even showed me how to use my pump. More than anything, she gave me confidence by reassuring me that I was doing a great job! Finally, I recently took the Infant Sleep class with Kathy. What a godsend! Lots of great info, resources and time to ask questions specific to our situation. Kathy was caring, informative and supportive. I highly recommend HBHM to any new or soon to be new mamas!"

—Lauren T.
